2. Brand Names. Manufacturers names, trade names, brand names, model and catalog numbers used in these specifications are for the purpose of describing and establishing general quality levels. Such references are not intended to be restrictive. Bids will be considered for alternative brands that meet or exceed the quality of the specifications listed for any item.
3. Brand Substitutions. Bids will be considered for items complying substantially with specifications, provided deviations to the specifications are stated and items are described in detail. When offering alternate products, it is the responsibility of the bidder to indicate the brand names and model/catalog numbers, and to provide evidence of the equality of the items to the products specified in the solicitation. Standard catalog sheets or technical data will not be accepted in lieu of this requirement. The City will be the sole judge of whether such alternates are equivalent to the items specified. The City reserves the right to waive immaterial variations in the specifications.

Bidder shall submit requests, together with substantiating data, for substitution of any "or equal" material, process with their bid submittal. Provisions regarding submission of "or equal" requests shall not in any way authorize an extension of time for performance of this Contract. If a proposed "or equal" substitution request is rejected, Bidder shall be responsible for providing the specified material, process or article. The burden of proof as to the equality of any material, process or article shall rest with the Bidder. Data required to substantiate requests for substitutions of an "or equal" material, process or article data shall include a signed affidavit from the Bidder stating that, and describing how, the substituted "or equal" material, process or article is

equivalent to that specified in every way except as listed on the affidavit. Substantiating data shall include any and all illustrations, specifications, and other relevant data including catalog information which describes the requested substituted “or equal” material, process or article, and substantiates that it is an “or equal” to the material, process or article. The substantiating data must also include information regarding the durability and lifecycle cost of the requested substituted “or equal” material, process or article. Failure to submit all the required substantiating data, including the signed affidavit, to the City with the bid submission will result in the rejection of the proposed substitution.

The Bidder shall bear all of the City’s costs associated with the review of substitution requests.

The Bidder shall be responsible for all costs related to a substituted “or equal” material, process or article.

O. Filing of Bid Protests

3. Clearly identify the specific City staff determination or recommendation being protested;

If the protest does not comply with each of these requirements, it will be rejected as invalid.

If the protest is valid, the Purchasing Manager or other designated City staff member, shall review the basis of the protest and all relevant information. The Purchasing Manager will provide a written decision to the protestor.

P. Local Bidder Preference Program

This bid shall be subject to the City of Corona local bidder preference program. To qualify, bidders must be a “local business” with: (i) fixed facilities with one or more employees, which may include a sole proprietor, located at an address within City limits (a post office box alone is insufficient); and (ii) an appropriate City business license/permit. Bidders seeking to qualify for this local program

shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City's first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City's purchasing policy.

Q. Public Records

Responses (bids) to this Notice Inviting Bids (NIB) and the documents constituting any contract entered into thereafter become the exclusive property of the City of Corona and shall be subject to the California Public Records Act (Government Code Section 6250 et seq.). The City of Corona's use and disclosure of its records are governed by this Act.

Those elements in each bid which bidder considers to be trade secrets, as that term is defined in Civil Code Section 3426.1(d), or otherwise exempt by law from disclosure, should be prominently marked as "TRADE SECRET", "CONFIDENTIAL", or "PROPRIETARY" by proposer. The City of Corona will use its best efforts to inform bidder of any request for disclosure of any such document. The City of Corona, shall not in any way, be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information the bidder considers exempt from disclosure, the City of Corona will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City of Corona is required to defend an action arising out of a Public Records Act request for any of the contents of a bidder's proposal marked "Confidential", "Proprietary", or "Trade Secret", bidder shall defend and

indemnify the City of Corona from all liability, damages, costs, and expense, including attorneys' fees, in any action or proceeding arising under the Public Records Act.

To insure confidentiality, bidders are instructed to enclose all "Confidential," "Proprietary," or "Trade Secret" data in separate sealed envelopes, which are then included with the bid documents. Because the bid documents are available for review by any person after award of a contract resulting from an NIB, the City of Corona shall not in any way be held responsible for disclosure of any "Confidential," "Proprietary," or "Trade Secret" documents that are not contained in envelopes and prominently marked.
